### Introduction [click here](#)

We want to help a lot of people with our technology, and we need to grow a really big company to do it. What's big? To us big is nothing but a whole lot of little. So, we've crafted this compensation plan to help new people and small builders grow faster and earn more quickly. As a result, big builders can develop even larger teams and earn more secure incomes long-term.

We also believe that the only business that pays is the business that stays. So, we designed the compensation plan to reward and encourage customers to stay and to refer other customers.

The structure of the compensation plan is straightforward. It consists of 5 compressed uni-levels that everyone gets and a series of infinity bonuses stacked on top, that you can qualify for.

However, our compensation plan begins with historically great XDS technology products created by Dr. Bevan Elliott. They are so profoundly effective that the improvements people report are sometimes indistinguishable from miracles.

That said, here's what the numbers say. After we introduced our flagship product UltraMito Restore there was an over:

- 300% increase in average order size and over ...
- 40% of those ordering began requesting, and paying for, overnight delivery because they wanted it so urgently.

Let that sink in ...

**Great products matter.** They matter to whether or not people order, or order again and to how enthusiastically they tell other people about them. Bottom line, they matter to your bottom line.

Other key features include:

- **Free!!**  
No upfront costs or monthly fees. Keep your money, we just want to help you earn more.
- **NO mandatory auto-ships!**  
That's right. If, how, when and what you buy is totally up to you. No strings attached.
- **Easy to Qualify for Compensation**  
So easy that one customer can qualify two people.
- **Zero Breakage!**  
We just pay out the compensation and don't take it back. If someone doesn't qualify for a particular compensation, we look upline for someone who is qualified to receive it. No games or gimmicks.
- **Real-time Compensation and Rank Advancement!**  
Why have to wait for a pay day or the end of the month? Earn instantly and get your pay raise immediately!
- **Pick your own payday!**  
You decide when you get paid, so pay yourself as often as you want. All Compensation is calculated in real-time and is available to make product purchases instantly. Commissions are available 5 days in arrears for withdrawal.
- **Vested compensation!**  
Lock in earnings on customers that are coded to you on everything they buy going forward.
- **No getting Blocked!**  
Even if people catch or pass you in rank you can still earn on them.
- **MoreMito Cash!**  
Customers can reduce the cost of their product purchases when they refer others who order.
- **Placement**  
You can place people you enroll anywhere in your downline you want.

No tricks, no games, no gimmicks.

Ways to affiliate [click here](#)

There are three ways to be affiliated with MoreMito, as a Customer, Referring Customer, or Paid Representative. All three types show in the down line tree.

Participants must initially affiliate as a Customer or Referring Customer and may subsequently upgrade to Paid Representative.

#### Customer

Customers receive a website for the convenience of making and tracking purchases or, if they choose, to refer others. Volume and promotion credits for anyone who affiliates as a Customer go to the first up line Referring Customer or Paid Representative. Customers can upgrade to Referring Customer at any time and at no cost.

#### Referring Customer

Referring Customer status was created to help customers reduce the cost of their purchases. They can benefit from instant “MoreMito Cash” product purchase credits when others they refer make purchases. MoreMito Cash must be used for purchases and can also be transferred to others to make purchases.

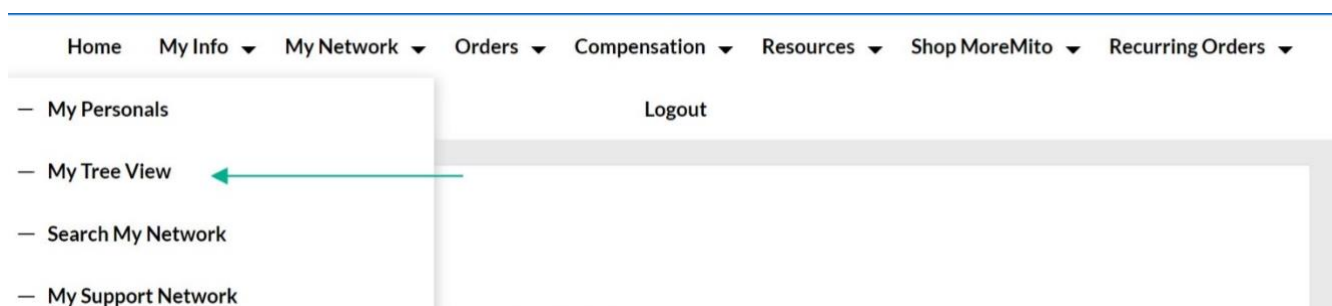

Customers who upgrade to Referring Customer immediately begin to receive MoreMito Cash benefits when anyone they previously referred makes purchases going forward.

Referring Customers are encouraged to remain Referring Customers until their MoreMito Cash is more than paying for their product purchases. However, they can upgrade at no cost and become Paid Representatives once they purchase a product or refer someone who purchases a product.

#### Paid Representative

Paid Representatives benefit from accruing commissions as opposed to MoreMito Cash which is only used for product purchases. Commissions are computed in real time and are instantly available for purchases. Paid Representatives can schedule commissions to be withdrawn by a variety of means (ACH, PayPal etc.) that are available in the back office.

All Customers, Referring Customers and Paid Representatives show seamlessly in the downline Tree View which is found in everyone’s back office under My Network.

The compensation plan has four rank classes with features that specifically benefit small builders to large builders and everyone in between.

### Notes:

- Regarding customers, any purchases or sign-ups they do roll up and are treated as if you personally made them.
- A single purchase, in any amount (no minimum purchase required), can qualify at up to two up line.

Note 1: Only customers who have made a purchase in the last 35 days are considered active and count towards qualifications.

Note 2: **Ambassador** is the designation given to Referring Customers and Paid Representatives of all ranks. When they refer others they can receive MoreMito Cash and commissions respectively. Customers receive websites to make purchases and refer others if they choose.

Note 3: Ambassador Rank (1 to 3 customers) receives half the Sr. Ambassador payout on levels 2 thru 5 of the Uni-Level. The difference goes into the Bonus Pool to be paid out to contest winners in the form of prizes, MoreMito Cash, special promotions and bonus commissions

Note 4: **Alternate \*\*Silver** qualification, 10 personally enrolled.

Note 5: A \$5.00 Direct Sales Commission (DSC) is paid on each item sold that is NOT a recurring order item AND does NOT have a \$10 Retail Price Discount applied to the item.

\*Payouts percentages shown above are based on a 50% payout of the order amount not counting shipping. For example:

- A \$150 product order total pays out a total of \$75 to all levels and a ...
- A \$200 product order total would payout a total of \$100 to all levels.

## Notes

**Note 1:** Referring Customers earn MoreMito Cash. MoreMito Cash is a product purchase credit and as such can only be used to purchase products. We recommend that Referring Customers remain referring customers until they are earning enough MoreMito Cash to pay for their products. However, a Referring Customer can upgrade to Paid Representative at no cost any time after their first active customer.

**Note 2:** When a customer enrolls another customer, it counts as the customer of the first up line Referring Customer of Paid Representative.

**Note 3:** MoreMito Cash and Commissions accrue in real time as orders are processed. Either can be used immediately to make product purchases. Commissions are available for withdrawal after a 5-day waiting period. After the waiting period Paid Representatives can create their own payday and send accumulated commissions to themselves at any time they choose.

**Note 4:** Compensation on orders that are returned, or determined not to be legitimate, may be reversed.

**Note 5:** One order can qualify at most 2 upline Referring Customers or paid Representatives.

## **MoreMito Income Disclosure**

The MoreMito Compensation Plan is an exciting opportunity that rewards you for selling our proprietary products and services and for introducing other participants who do the same. Although the opportunity is unlimited, individual results will vary depending on commitment levels and sales skills of each participant. Since MoreMito is a new company, it lacks enough statistical data to prepare reliable income disclosures. A survey to be conducted after the first year.

That said, We're excited about the MoreMito Compensation Plan and we're confident it will provide you a solid foundation to help you achieve your financial goals.

If income projections were presented to you prior to your enrollment, such projections are not necessarily representative of the income, if any, that you can or will earn through your participation in the Compensation Plan. These income projections should not be considered as guarantees or projections of your actual earnings or profits. Success with MoreMito results only from hard work, dedication, and leadership.
